#### AMUSEMENT NOTES

"Peter Pan," J. M. Barrie's successful play, which Charles Frohman will present at the opera house on Saturday, Dec. 28, in point of popularity has eclipsed any modern dramatic offering. It has been played wherever the English language is spoken. It has held the boards in England for five years and for enthusiasm of the British play-goers, for it shows no sign of subsiding. This is its third season in America, and in this country it has been seen by more people than have attended the performances of any other half-dozen plays in the same time. Wherever presented, the single judgment of the thousands who have seen the Barrie play has been, "It is good."

J. M. Barrie had already endeared himself to American playgoers by his "Little Minister," but in Peter Pan he has made the conquest of American hearts complete. There never was so wonderful a boy as Peter Pan, and for wealth of imagination and potency of charm no play of modern times is at all comparable to Peter Pan. To witness Peter Pan is like taking a draft from a spring of eternal youth. It is all sunshine and laughter. A man of less audacious fancy than Barrie would not write, nor a manager of less insight into the value of things dramatic or less courage than Charles Frohman dare attempt to put upon the stage such a work as Peter Pan. In the success of this latest Barrie play, Mr. Frohman's judgment has been vindicated and his courage rewarded in a most gratifying and remarkable way, and Mr. Barrie's fancy has never so charmed the English-speaking people.

Mr. Frohman's production of Peter Pan here will have all the artistic richness that marked the performances in the Empire theatre, in New York, and the Duke of York's theatre, London.

#### A Good Performance Last Night

The DeRue Brothers' Ideal minstrels gave an unusually clean-cut entertainment at the opera house last evening, and what the audience lacked in size was partly made up in enthusiasm. The first part setting, "A Scene in Italy," is one of the prettiest imaginable, and the work of the vocalists ranged from fair to excellent. Billy and Bobby DeRue received their usual large amount of applause. The vaudeville part of the entertainment was excellent, especially

the work of Ackerman, the equilibrist, young John Lambert, Debbie and Chase, the musical comedians, and the closing act, Hill and Adams, acrobatic comedians. Hill and Adams' act is one of the best all around knock-about, rough house acrobatic acts ever seen on the local stage, and kept the audience in a roar of laughter until the drop of the curtain.

The opera house will have for its offering tonight "A Good Fellow," a musical farce of the better sort. The play tells the story of the vicissitudes and joys of married life. The characters are taken through many trials and tribulations, with an ultimately happy ending. Laugh follows laugh in rapid succession.

#### FEAR AN OUTBREAK AT THE PERSIAN CAPITAL

Constitutionalists Are Armed and Ready for the Reactionaries.

Teheran, Persia, Dec. 19.—Outside of a few isolated murders and robberies there have been, up to the present time, no disturbances of public order in this city; nevertheless the situation continues strained.

The Constitutionalists are quiet, but determined to fight if attacked. They are well armed, while the supporters of the reactionaries, mostly mulattoes and laborers who have come from neighboring villages, have but few effective weapons.

#### JEWIS ORDERED TO QUIT VLADIVOSTOK IN 4 DAYS

But Jewish Property Owners Have 18 Days in Which to Liquidate.

St. Petersburg, Dec. 19.—A dispatch received here from Vladivostok says that the Jews have been ordered to depart within four days. Jewish property holders, however, have eighteen days in which to liquidate.

#### RESUME LAND CASES JAN. 13

The Date for Fraud Prosecutions in Oregon.

Portland, Ore., Dec. 19.—The United States district court yesterday set Jan. 13 next for the resumption of the trials of the Oregon land frauds. Francis J. Honey will conduct the government cases.

## TILLMAN'S BAN ON 'C.O.D.' RUM

Wants Commerce Commission to Investigate

### THE EXPRESS COMPANIES

He Brings It to the Attention of the Commerce Commission—He Asks an Investigation and Report to Senate.

Washington, Dec. 19.—Senator Tillman yesterday introduced the following resolution and asked its immediate consideration:

"That the committee on interstate commerce be instructed to consider and report by bill or otherwise what legislation is desirable or necessary to enable the states in the exercise of their police powers to control the commerce of liquors and alcoholic beverages within their borders, so as to aid the cause of temperance and to prevent the encouragement by the United States government of illicit dealing in the same."

Explaining his purpose, Mr. Tillman said it was to prevent, if possible, the circumvention of the laws in the interest of prohibition which are being generally enacted in the southern states.

"Congress attempted in enacting the Wilson law to protect the people in the enforcement of their state laws, but the courts have shaded down the protection until there is practically nothing left of it, and I want the committee to ascertain whether it is not practicable to give relief."

Mr. Tillman holds the express companies responsible for the evasion of the state laws. He says they are flooding the local option part of South Carolina and other local option southern states with whiskey which is sent in from other states "C. O. D." The supreme court of the United States has held that such traffic cannot be interfered with because of its interstate character.

Senator Aldrich objected to the passage of this resolution on the ground that it called for a great deal of information from the interstate commerce commission which would consume much time, and he thought it should first go to the committee on interstate commerce in order that that committee might ascertain how much work would be involved in it.

Senator Tillman remarked that the senator from Rhode Island seemed to be suspicious.

"I am always more or less suspicious of a resolution coming from the senator from South Carolina," retorted Mr. Aldrich.

"Because he wants to get facts?" asked Mr. Tillman.

"No," replied Mr. Aldrich, "because he may want to get facts fitting into a preconceived idea of what should be done."

Mr. Aldrich insisted upon his objection and consideration of the resolution was postponed, which action has the effect of deferring it until after the holidays.

#### KITTRIDGE INTRODUCES NEW COPYRIGHT BILL.

Would Give to Composers All Rights to Their Compositions.

Washington, Dec. 19.—Senator Kittridge, who was chairman of the committee on patents during the last congress and who continues his membership on that committee, has introduced a bill on copyrights which differs in a material way from that introduced by Senator Smoot, the present chairman of the committee.

Mr. Kittridge's bill gives to composers all rights over their compositions, so that owners of mercantile music machines and devices may not make use of any copyrighted composition without securing the consent of the composer. This provision does not exist in Senator Smoot's bill, under which such productions of compositions are not subject to the copyright law.

#### URGING WANAMAKER FOR APPRAISER OF THE PORT.

Parsons, Olcott and Bennett Unite in Recommending Him.

Washington, Dec. 19.—Representative Parsons, Olcott and Bennett have united in recommending to the president the appointment of George W. Wanamaker as appraiser of the port of New York to succeed D. S. Fowler, who was made collector and has been confirmed. Mr. Wanamaker is now deputy appraiser. It is expected he will be named.

#### PRESIDENT GUEST AT BIRTHDAY OF DEWEY.

Admiral Today Gives His First Real Anniversary Party—Enters 53rd Year of Service in Splendid Health.

Washington, Dec. 19.—For the first time in his life, Admiral George Dewey yesterday had the fun of entertaining his friends on his birthday anniversary. He has never had a real birthday because the anniversary comes the day after Christmas. This year he determined to give a party to friends, many of whom he had met from boyhood.

President and Mrs. Roosevelt were the admiral's guests, and this is one of the reasons why the birthday celebration was held a week before the anniversary. When Mrs. Dewey gave the invitation to the president, she said:

"Will you and Mrs. Roosevelt dine with us on the admiral's birthday?"

"Delighted to do so," said the president, heartily. "And when does it occur?"

"On Dec. 26, the day after Christmas," said Mrs. Dewey.

"Ah, but we shall all be at Pine Knot for Christmas," said the president, and Mrs. Dewey found herself contending with the difficulty which the admiral has found confronting him on 49 previous birthdays—that of the interference of the Christmas holiday. So the dinner date had to be changed and the birthday party was held yesterday instead of the 26.

The admiral of the American navy and hero of the Spanish-American war easily ranks among the first in popularity with the officials of the government at the capital. He says that one of

#### A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-sheets and sent to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merit, and made them medicines of known composition.

By this bold step Dr. Pierce has shown that he is not afraid to subject his medicines to the scrutiny of the public. One of these little books cost only five cents, and it will be sent free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y.

From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral salts or other poisonous or injurious agents, and that they are made from native medicinal roots of great value, also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak women, are the roots of the "Indian" ginseng, and the roots of the "Chinese" ginseng, and the roots of the "Japanese" ginseng, and the roots of the "Korean" ginseng, and the roots of the "Siberian" ginseng, and the roots of the "Turkish" ginseng, and the roots of the
